Genoemde termijnen worden gegarandeerd wanneer de bewuste producten, in gesloten verpakking, worden opgeslagen volgens de opslagspecificaties zoals vermeld in de Technische Informatiebladen.

Aan de hand van de eerste 3 cijfers in het 'Batchnummer' voor op de blikken kunt u de productiedatum herleiden.

Bijvoorbeeld: '056 0123456' is geproduceerd in **maand 05 - 2016**

Of als het 'Ansatznummer' met een B begint zijn het de laatste 3 cijfers

Bijvoorbeeld: 'B 123456 125' is geproduceerd in **maand 12 - 2015**
